

OHMM[®]

COLLECTIONS 2023

Welcome to O4MM

We are here to help you create inspirational outdoor spaces to enjoy memorable relaxing times under the open skies.

Discover our world class quality outdoor furniture for both residential and hospitality.

Choose a collection you like and select your fibre and fabric colours to personalise it your way.

Lovingly handcrafted in our own factory in Cebu, home to the world's best woven craftsmen, using only the best in class materials.

All backed up with a worry free warranty.

Life is to be enjoyed.

*Kevin Boland
Founder*

FURNITURE COVERS

It's only natural to want to protect your OHMM® outdoor furniture at certain times of the year.

At OHMM® we have developed an outdoor cover solution using a high tech fabric from the USA - WeatherMAX®. Delivering exceptional durability, water repellency, UV-resistant (i.e. won't fade) with outstanding breathability and mildew resistance, the covers are light weight and easy to pack too.

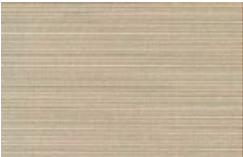

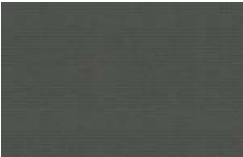

WeatherMAX® fabric is not waterproof, but highly water repellent and breathable. Being breathable means it will help reduce dampness, heat build up and condensation, thus helping to prevent mould and mildew from forming on your furniture and cushions during storage.

It will withstand light showers but not sustained heavy downpours. Any accumulated water must be removed by gently raising one side of the cover.

OHMM® covers feature a hem around the base fitted with marine elastic cord and cord locks for securing them in place. The hem stops 5cm from the ground to allow air circulation to prevent moisture build up inside.

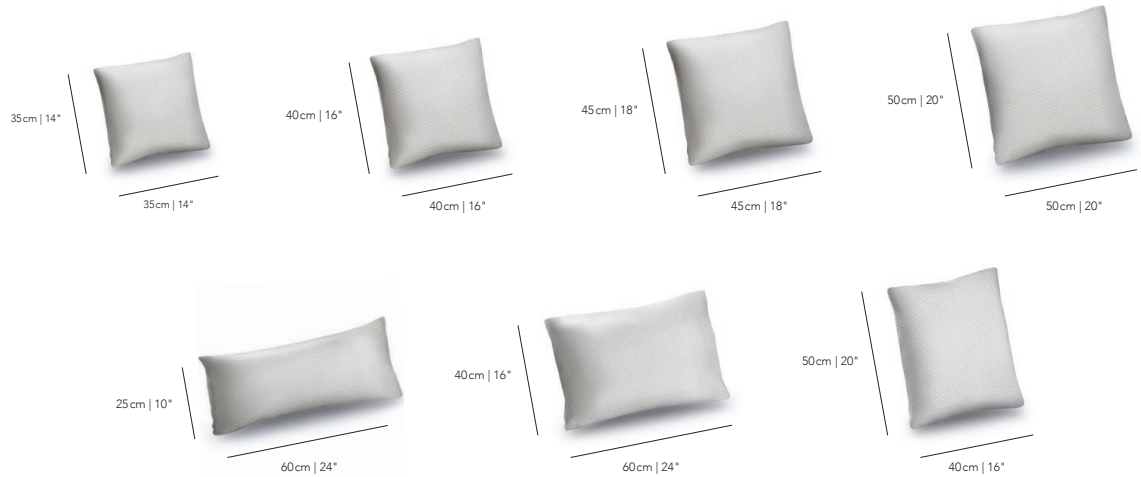

And there is a 5 year warranty against loss of fabric strength or colour loss.

Please contact us for a quotation for your OHMM® furniture.

Cover Colour	Piping Colour	Cover Colour	Piping Colour
			
Beige	Sand	Charcoal	Graphite

ACCENT CUSHIONS

Discerningly handmade for that softness and ultimate comfort, OHMM Accent Cushions are available in a range of heights and widths to create visually interesting layering and support.

PROJECTS

CREATING INSPIRATIONAL OUTDOOR SPACES

For over 15 years OHMM® has been assisting clients create inspirational outdoor spaces for their guests to enjoy memorable relaxing times under the open skies. We recognise that creating a tangible guest experience is critical and when it comes to outdoor furniture, being comfortable is a given, but it must add an aesthetically pleasing visual impact.

To this end, we offer a versatile range of collections, together with options to customise in size and with an unparalleled choice of fibre and fabric finishes

CUSTOMISED TO YOUR NEEDS

AFFORDABLE WORLD CLASS QUALITY

We own and manage our own production in Cebu, home to the world's best woven furniture craftsmen. We are not a mass producer, which means our levels of quality, finishing and attention to detail are unrivalled. That simply adds up to world class quality for you. And you are not paying for a big brand name.

We believe our solid track record speaks for itself with a host of world class companies as clients. See our website for a list of project references.

TRACK RECORD

3 YEAR PROJECT WARRANTY

We stand behind our products with a 3 year project warranty covering workmanship and materials.

CUSTOMISE

STYLE IT YOUR WAY

We recognise that we all have different needs and tastes and outdoor spaces where 'one size doesn't fit all'. That's why we offer you the choice to customise your OHMM® furniture your way.

Choose from a wide line up of fabric colours to a versatile curation of fabric colours, and you have the freedom to create your own individual décor look. Unique to you.

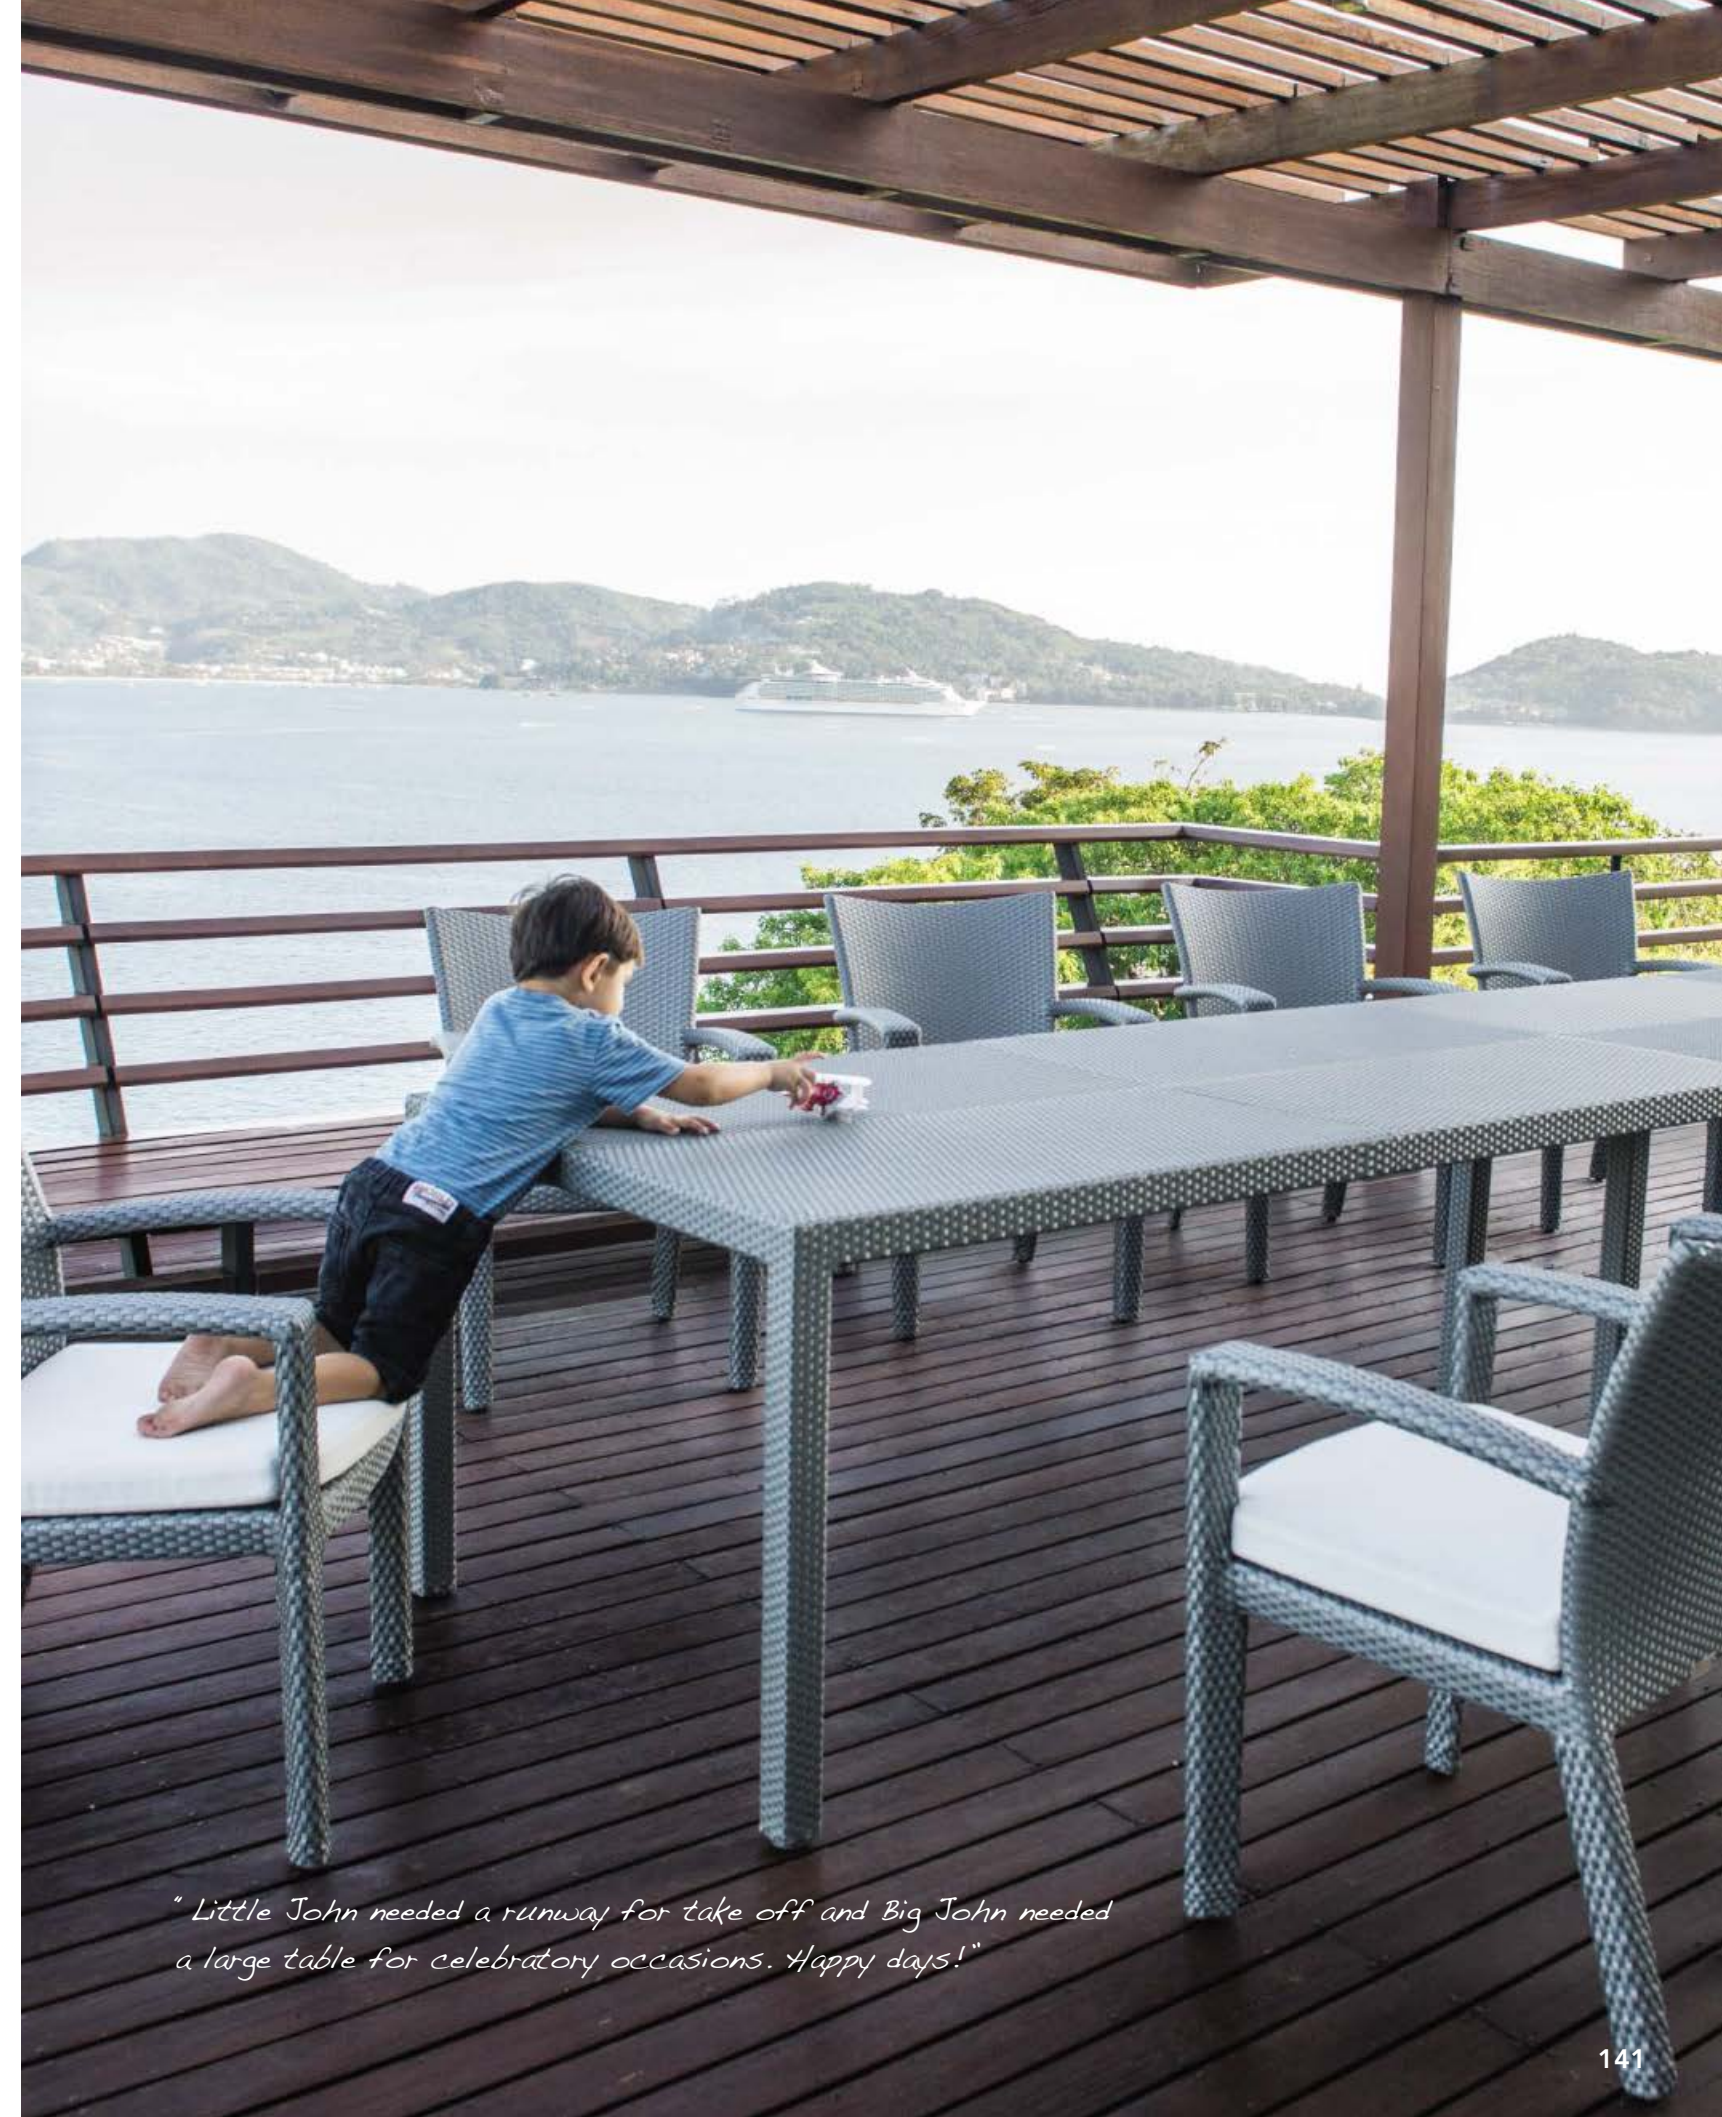

CHOOSE YOUR FINISHING COLOURS

CUSTOMISE

If you need custom sizing of tables or a certain OHMM® collection customised to fit your needs don't hesitate to ask. We'll do what we can.

And if you would like some recommendations, we have years of experience in the creation of outdoor spaces - both residential and projects - from space planning, collection mix and choice of finishing colours.

HERE TO HELP

"Little John needed a runway for take off and Big John needed a large table for celebratory occasions. Happy days!"

FIBRE & POWDER COATINGS

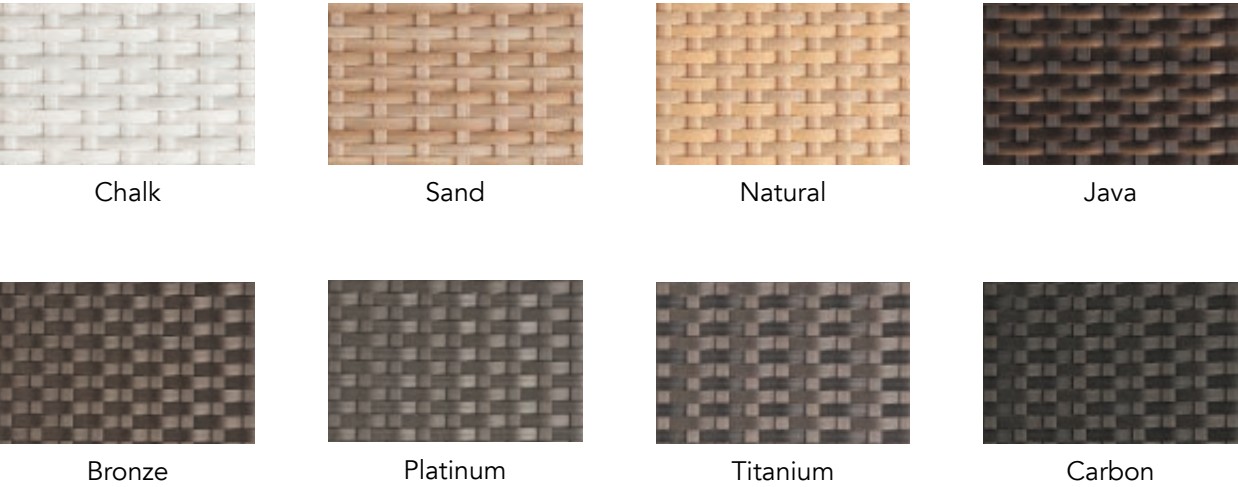

OHMM® has teamed up with Rehau® - the most recognised and trusted name worldwide in polymer technology for over fifty years. Raucord synthetic rattan is manufactured using renowned German engineering know how and production technology.

Due to its superior characteristics, Raucord fibre offers a carefree outdoor experience.

CUSHIONS

OHMM cushions are expertly designed and handcrafted in-house for comfort, possible looks and durability using the best-in-class material technology and workmanship.

HANDCRAFTED IN-HOUSE

We start with exclusively created high density foam cores to ensure lasting performance, covered with Dacron® polyester fibre for comfort and polished looks, then lined with replaceable water resistant US made spunbond material, and then finally covered with world class acrylic outdoor fabrics, all stitched together using German polyester threads and customised branded robust zinc coated pullers and acrylic zips for strength and durability.

CHOICE & CUSTOMISATION

For over 15 years, having worked closely with artisanal sofa makers, and foam manufacturers, all our cushions are handcrafted at our in-house cushion manufacturing department, to ensure the highest standards of construction and finishing.

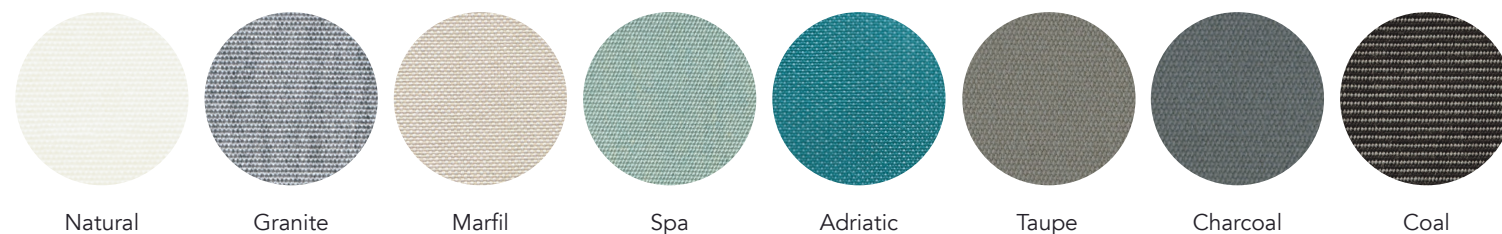

USING ONLY BEST IN-CLASS MATERIALS

We have carefully selected durable outdoor fabrics that are luxurious to touch, colourfast, durable, water repellent, stain and mould resistant, breathable, easy to care for and also environmentally friendly – available in a versatile range of colours and textures to create your own personal colour palette combination.

FABRIC COLOURWAYS NEW

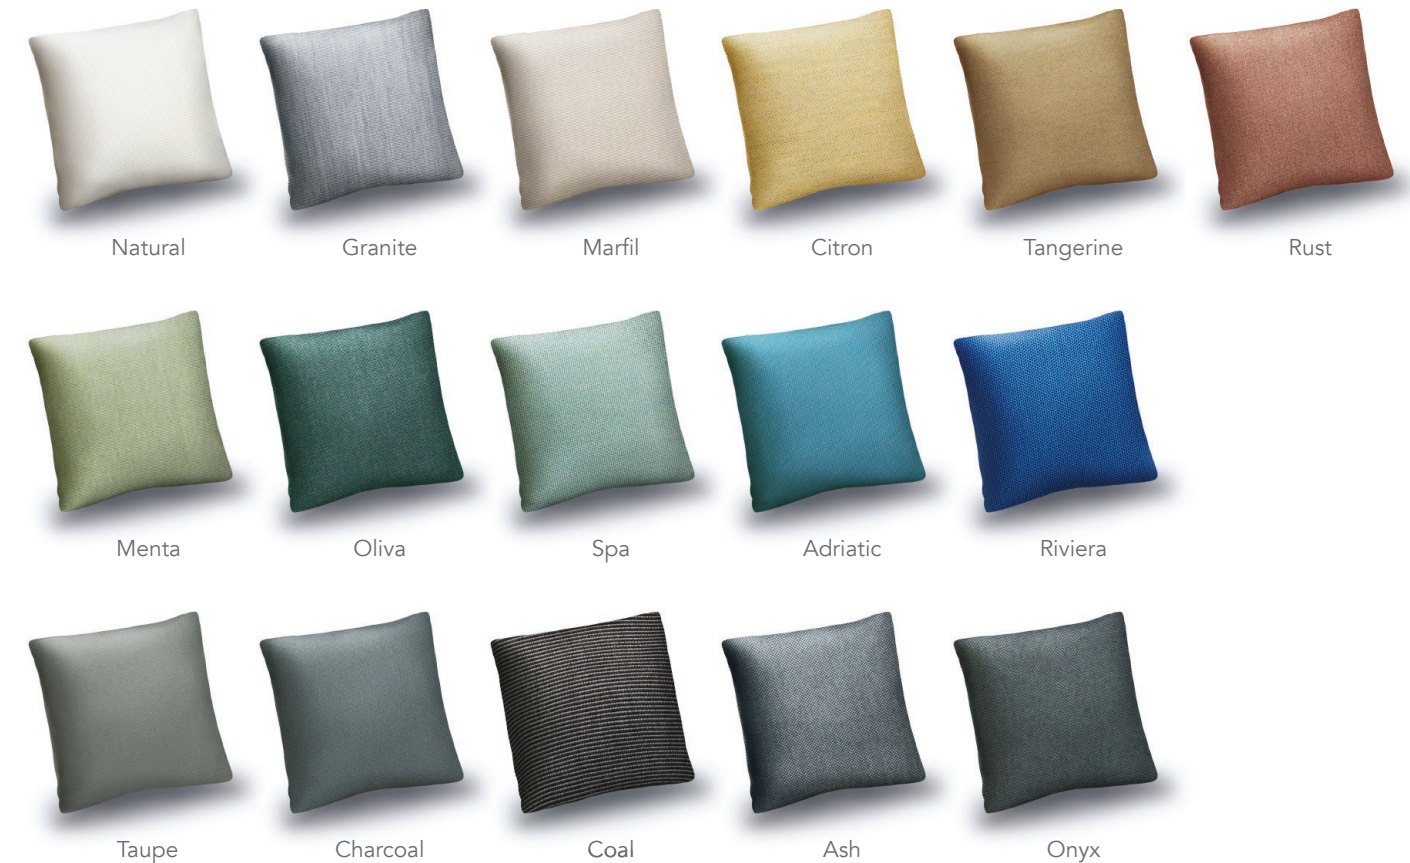

OHMM Design Studio has curated a completely new colour palette - more subtle, sophisticated, as well as four themes to inspire you when choosing your finishing colours. Play with textures and accent cushion sizes to style it your way and create an interesting and personal styling.

HANDCRAFTED QUALITY

WAY OF LIFE

In the same way as fibre is hand woven onto our frames, a quality ethos is woven through our company culture. It's how we go about our everyday lives. How we treat our customers, look after our people, how we conduct ourselves and ultimately our quality of life and impact on the planet.

We only use the best quality materials we can find. And yes, something that is designed to last must have been made using the very best materials. No cutting corners. It's what we touch and feel.

BEST MATERIALS

ENDURING DESIGNS

But quality means more to us than just the materials alone. Quality is also about design. Designs that are enduring and timeless so customers won't grow tired of them but come to cherish them. No trendy designs that are designed for a season and afterwards fall out of fashion and get discarded.

And to make world class quality products, we need world class craftsmen. That's why we have based OHMM® Manufacturing on the island of Cebu, home to the world's best woven craftsmen. A little known secret.

IN-HOUSE WORLD CLASS CRAFTSMANSHIP

OBSESSIVE OVER QUALITY

During our fifteen year journey, by making our products day in day out, we've built up a tremendous amount of expertise. We've become obsessive over quality, because we know that the quality of our product is our best advertising.

Good for our customers. Good for us.
Good for Mother Earth too.

MAKES SENSE

WHY WOVEN?

GOOD QUESTION

It's a good question. Well frankly, when we started in the industry, woven synthetic rattan was the new outdoor material. We fell in love with it.

Over the years we have experimented with other materials. Stainless steel is not stainless. It will 'tea stain' and rust if not regularly maintained. Mesh is not very robust and after some time is prone to sag and mould. Difficult to replace too. Teak, if not treated with a marine varnish will 'patina' - go greyish and not look very premium, especially when combined with modern materials. Bottom line, we found they all don't add up to great looks and performance. Not good for clients. Not good for us.

WE FOCUS ON WOVEN

So we leave it to others to make products from these materials. And we just focus on making high quality woven products with the best quality synthetic rattan in the world and the best woven craftsmen in the world. Not only does synthetic rattan last with its robust physical properties and low maintenance, it comes in a wide choice of colours and profiles allowing greater design freedom. It's also repairable too.

After more than fifteen years in the industry, common sense has taught us woven furniture is enduring above all other materials. So, we focus on woven.

NOT CONVINCED? MORE REASONS TO CHOOSE OHMM

WORLD CLASS QUALITY

We own our manufacturing facility where we meticulously manage and quality control every step of the production process. This means you are buying a product that is lovingly handcrafted in-house with care and pride. We only use premium materials. Combine this with the world's best woven furniture craftsmen in the Philippines and we believe you have a product that is simply world class.

DESIGN & CUSTOMISATION

We have a simple philosophy - that great design gives us pleasure and improves the quality of our lives through products that work well, are affordable and look beautiful. Furthermore, we offer an unprecedented choice of fibre and fabric options - so you have the freedom to customise your OHMM® furniture as you want it.

DURABILITY & LOW MAINTENANCE

Outdoor furniture has to withstand some very rough treatment and our quality of build is second to none. And OHMM® woven products are low maintenance and easy to clean which all adds up to giving you many years of carefree performance.

SUSTAINABILITY & NO FALSE ECONOMY

We recycle all we can and our products are toxin free, but we firmly believe the biggest sustainability factor is that OHMM® products will last years with proper care. Investing a little more in quality products simply makes good sense - so you save money in the long run.

WARRANTY

We stand behind our products with a 5 Year Residential Warranty and a 3 Year Project Warranty. So that's peace of mind for you. See our website for full details.

TRACK RECORD

Prestigious establishments and private individuals have selected OHMM® products around the world for over 15 years. It's very rewarding that many of our orders come from repeat clients. There is no leap of faith with OHMM®.
