

OHMM cushions are expertly designed and handcrafted in-house for comfort, possible looks and durability using the best-in-class material technology and workmanship.

### HANDCRAFTED IN-HOUSE

For over 17 years, having worked closely with artisanal sofa makers, and foam manufacturers, all our cushions are handcrafted at our in-house cushion manufacturing department, to ensure the highest standards of construction and finishing.

We start with exclusively created high density foam cores to ensure lasting performance, covered with Dacron® polyester fibre for comfort and polished looks, then lined with replaceable water resistant US made spunbond material, and then finally covered with world class acrylic outdoor fabrics, all stitched together using German polyester threads and customised branded robust zinc coated pullers and acrylic zips for strength and durability.

### USING ONLY BEST IN-CLASS MATERIALS

### CHOICE & CUSTOMISATION

We have carefully selected durable outdoor fabrics that are luxurious to touch, colourfast, durable, water repellent, stain and mould resistant, breathable, easy to care for and also environmentally friendly – available in a versatile range of colours and textures to create your own personal colour palette combination.

## FABRIC COLOURWAYS

OHMM Design Studio has curated a completely new colour palette - more subtle, sophisticated, as well as four themes to inspire you when choosing your finishing colours. Play with textures and throw pillow sizes to style it your way and create an interesting and personal styling.

### RECOMMENDED FOR SEAT & BACK CUSHIONS
