

# SHADEMAKER

## PARASOLS

Design | Shademaker

### CHARACTERISTICS

Nautical | Contemporary | Durable

### DESIGN

A New Zealand parasol brand. Made from heavy duty gauge aluminium alloy with an anodised finish for durability. High performance marine grade acrylic fabrics are used for the canopies to ensure fade resistant and durable performance. All parts are serviceable to ensure years of service. For both residential and commercial installations. Performing products for a budget.

### CUSTOMISATION

Choose from a curated palette of Shademaker canopy shapes, sizes and colours to style it your way.
