

# OHMM LOUNGE FURNITURE

## What makes OHMM Outdoor Lounge Furniture Special?

It's a good question. Over the past two decades we've developed key features that go into designing and making world class outdoor lounge furniture.

OHMM outdoor lounge furniture delivers exceptional high performance and is built for high usage environments.

Advanced ergonomic features provide exceptional comfort and superior product build ensures years of lasting service.

Its all in the details. Details matter. Always.

Handcrafted fully welded 1.6mm gauge virgin aluminium frames for strength, then powder coated for enhanced corrosion protection

OHMM cushion handcrafted in house with high density foam cores and world class acrylic fabrics for lasting performance & easy maintenance

Hand woven with German engineered weatherproof OHMM fibre for durability & good looks

OHMM DryPro+ weatherproof cushions so you don't have to worry if they get rained on

Choose from a carefully curated selection of fibre and/or powder coating colourways to style it your way

Extra thick replaceable heavy duty gliders for durability & stability

Each piece has its own unique serial number as part of our Quality Control protocols
